

POLICY IMPLEMENTATION

Development of Regulations

The Essex County School Board authorizes the superintendent to create and update regulations necessary to carry out the policies adopted by the Essex County School Board. If Essex County School Board action is required by law or the Essex County School Board asks that certain regulations or types of regulations be approved by the Essex County School Board, the superintendent will present those regulations to the Board for action. The superintendent makes all regulations available to Essex County School Board members, employees and the public and sees that the regulations are placed in the Essex County School Board Policy Manual or are kept with the Policy Manual.

Dissemination of Policies and Regulations

Administrators and supervisors are responsible for informing staff members of all newly adopted or revised policies and regulations.
